Drain

Cleaning

# DRAIN CLEAN

For a complete range of drain care products, Drain Clean has a solution for every room in the house, specifically designed to clear the toughest clogs fast.

For more information on Drain Clean products visit [www.drainclean.com.au](http://www.drainclean.com.au) or refer to the back page for contact details.

### Drain Clean Liquid

IT'S EASY, NO NEED TO REMOVE WATER FROM FLOODED DRAINS.

Uses highly caustic solution to break down clogs. The specific gravity (SG) of the product allows the liquid to penetrate through standing water in the drains to break through organic waste, fats, grease & dirt. Drain Clean Liquid is handy to have around the home, as it is suitable for use in all drains including kitchens, bathrooms, laundry & toilets.

Code	Description	Size	Case Quality
DR1/6	Drain Clean Liquid	1L	6

### Drain Clean Crystals

POWERFUL, A PRECISE DOSE EVERYTIME – NO MEASURING, NO MESS.

Concentrated crystals are formulated to burn away heavy blockages in kitchen sinks. The granular formula melts away cooking grease, fats and food residue. Also suitable for cleaning soap scum and other gunk often found in drains. The one dose jar & sachet allows users to dose easily and accurately every time.

Code	Description	Size	Case Quality
DRS60	Drain Clean Crystals One Shot	60g	24
DR500	Drain Clean Crystals	500g	6
DRD500	Drain Clean Crystals One Dose	500g	6

### Drain Clean Rippa

Drain Clean Rippa works by using plastic barbs to grip onto and rip our debris & hair. Perfect for unclogging sinks, showers and bathtub drains.

- No chemicals required
- Environmentally Safe

Code	Description	Size	Case Quality
DCR/12	Drain Clean Rippa	1	12

### Drain Clean Root Control

Prevent and clear root-blocked drains and sewers by travelling through to the point where the blockage has occurred. The powder/ tablets dissolves where they are most needed and decompose the roots. Drain Clean Root Control will take several days to decompose the roots and only attack the roots. It is completely harmless to trees & shrubs.

Code	Description	Size	Case Quality
DCRCC1/6	Drain Clean Root Control Crystals	1Kg	6
DCRCT114/12	Drain Clean Root Control Tablets	114g	12

### Drain Clean Active Enzyme Pellets

Drain Clean Active Enzyme Pellets is a natural ecological friendly & biological enzyme designed to prevent & clear build up of organic waste including fats, hair, soap and grease.

- Eliminates smelly odours
- Saves on pump out costs
- Increase water filtration - reduce the risk of lawn floods
- Boots the source of beneficial bacteria

Code	Description	Size	Case Quality
DCAEP100/12	Drain Clean Active Enzyme Pellets	100g	12
DCAEP450/6	Drain Clean Active Enzyme Pellets	450g	6

### Drain Clean Hair Unclogger

Works fast to dissolve hair in slow running or clogged bathroom drains. Use fortnightly to keep your drains and help prevent future clogs.

Code	Description	Size	Case Quality
DRH2	Drain Clean Hair Unclogger	2L	6

### Drain Clean Liquid Enzymes

Drain Clean Liquid Enzymes is an environmentally friendly bio-enzymatic drain opener, an alternative to traditional hazardous products. It contains live bacteria that have been selected for their appetite for fats, grease, oils and soap scum that often clog drains. These specially bred bacteria release enzymes that will continue to liquefy organic waste over several days until the drain pipes are completely clear.

Code	Description	Size	Case Quality
DCLE/6	Drain Clean Liquid Enzymes	1L	6

### Drain Clean Septic Treatment

Drain Clean Septic Treatment contains micro and macro-nutrients, preservatives, wetting agents and trace elements to help restore the balance of bacteria in septic systems. General household uses, means detergents, grease and household waste often get poured down drains which will throw out the bacterial count used to clear sludge build up in the septic system. Drain Clean Septic Treatment will also help restore flow back in your septic system and remove blockages and eliminate embarrassing odours.

- Naturally restores system balance
- Reduce smelly odours
- Assist in maintaining free flowing system

# The Australian Pesticide Veterinary Medical Association (APVMA) & Pascoe's

The APVMA is an Australian government statutory authority which register chemicals which are used in the household, such as insect sprays, personal insect repellents, products for treating diseases in home garden plants, and medicines for companion animals such as dogs and cats. By purchasing Pascoe's products which have been registered with the APVMA, you know:

- They have been developed and are suitable for use under harsh Australian conditions.
- When used according to the label, they are safe to use and will not have any harmful effects on you, your family, your crops and animals or the environment;
- They comply with the APVMA standards which are one of the highest in the world and when used according to the label you will minimise waste and cost.

### Hovex Bed Bug Trap & Refill

The Hovex bed bug trap uses advance food bait, to lure them out of their hiding places. The white capture pad then makes it easy to see and identify the trapped bugs. The hovex bed bug trap is safe to be used in all rooms of their home. Each bait and capture pad lasts up to two weeks and are easily replaced in the permanent plastic tray, allowing you to maintain the monitoring and protection of your home.

If you have early or small infestations, you may only catch a few bugs, but this is all the information you need to respond.

HBBTR	Hovex Bed Bug Refills	1 Pk	6

### Hovex Flea Trap & Refill

Hovex Flea Trap captures fleas around the home, without the use of poisons and expensive vet treatments. This pesticide free, non toxic solution, captures fleas all year round, year after year. Independent testing has shown that the unique and patented, Hovex flea trap captures 400% more fleas than similar traps.

The Hovex flea trap works by killing adult fleas looking for pest to infest. The light, heat and infrared rays from the bulb, acts as a strong attractant for fleas. They jump into the trap and fall through the screen and are killed on the sticky pad. Each flea you capture prevents an additional 200 fleas infecting your home. Simply peel the sticky capture pad, place it in the trap, plug in and catch.

HFTR	Hovex Flea Trap Refills	3 Pk	6

### Hovex Fly Trap & Refill

Fill half the jar with water and add bait packet. Add 1 to 2 drops of dishwash soap. Add protein bait like fish, car food, hot dog or hamburger meat to increase insect catches.

Hang trap securely away from food areas and out of reach of children and pets. Traps can also be placed on the ground. Wash the trap when full or use every two weeks. Use a new bait package each time. Do not place the trap in dishwasher. Trap works better in warmer weather. NOT suitable for indoor use.

- Pesticide Free

### Pro Chef Olive Oil – Extra Virgin

Pro Chef Olive Oil is the most premium olive oil sourced from Australia’s premier growing regions. Both Light and Full & Fruity flavoured are well-balanced olive oils, each with different flavour profiles. The Full & Fruity has a nutty flavour, which is rounded off with a mild bitterness and peppery aroma. It is perfect for salads, marinades and dips. The Extra-Light Olive Oil has had much of its natural colour, aroma and flavour removed leaving you with a versatile, healthy oil. Suitable for frying at high heat, baking and cooking dishes which require more subtle flavour.
